## Florida Expands Groundbreaking Services for Domestic Violence Victims

*Powered By TurboCourt's  
Award-Winning, Guided Interview  
Technology for Self-Represented Filers*

### Free, Safe, Immediate Access to Petitions & Protective Orders

TurboCourt's Domestic Violence / Protection From Abuse (DVPFA) service is a groundbreaking, internet-based tool for victims of domestic abuse or stalking in Florida, **allowing submission of all petitions and draft orders remotely.**

This type of filing is **free for domestic violence petitioners.** The program was started in early 2015 as a pilot site, and TurboCourt is **proudly expanding statewide throughout Florida.**

**Providing Victims With  
Safe, Convenient, Online Access  
To Judicial Protection,  
Powered By TurboCourt**

### TurboCourt DVPFA Features Include:

- **Increased Safety**  
Internet-based platform for victims to submit filings from any location: home, family support agency or community center, without

traveling to courthouse.

- **Immediate Access**

Enables immediate access and printing of the order of protection from any computer, eliminating travel to courthouse or postal service delays.

- **Automatic Notifications**

Notifies filer when a protective order has been served on the respondent, enabling the victim an opportunity to seek safe shelter. Also, notifies law enforcement agencies when a protective order has been entered, providing an electronic copy for expedited service.

- **Child Support Assistance**

Allows filers to electronically submit custody modifications, child support and visitation schedule requests, online.

## Developer's Note

Intresys Corp implemented its Domestic Violence/Protection from Abuse (DVPFA) services, using the *TurboCourt* Platform™ and is **fully web-based**, requiring only a **standard browser** and **no special software**.

DVPFA supports IE (Internet Explorer), Firefox, Safari, Chrome, and most mobile Windows and Android devices as well as the iPad®.
